ACTIONS

- **IMPACT Bay Area – Online Classes**
 - This 90-minute class will introduce strategies that can be helpful in the face of race-based harassment like adrenaline management, de-escalation, and verbal boundary setting, as well as bystander intervention. This class is for AAPI identified and presenting individuals. Registration required, limited to 25 participants in each class.
- **Hollaback! x Asian Americans Advancing Justice (AAJC): Bystander Intervention Training**
 - The one-hour, interactive training will teach you Hollaback!'s 5D's of bystander intervention methodology. We'll start by talking about the types of disrespect that Asian and Asian American folks are facing right now — from microaggressions to violence — using a tool we call the “spectrum of disrespect.” You'll learn what to look for and the positive impact that bystander intervention has on individuals and communities. We'll talk through five strategies for intervention: distract, delegate, document, delay, and direct; and how to prioritize your own safety while intervening. We'll have time at the end for practice, and you'll leave feeling more confident intervening the next time you see Anti-Asian/American harassment online or in person.

HISTORY OF NAPA

About National APIDA Panhellenic Association (NAPA)

NAPA is a collective group of leaders within the Asian Pacific Islander Desi American community who work together to advocate, collaborate, and educate our members and constituency for the greater good. We represent our member organizations within the fraternal and university communities.

By setting the highest standards of membership, university administrations know that they have a partner in the success of our member organizations' chapters. When issues arise affecting our community, we are able to mobilize and advocate as one strong, unified voice.

History

A group of 14 APIDA fraternities and sororities joined together in the summer of 2004 to form the APIA Greek Alliance (AGA). Formed as a partnership in a grassroots "Get Out the Vote" campaign with APIA Vote, an organization that promotes civic participation among Asian and Pacific Islander Americans, the members of the AGA registered over 8,000 new voters. Seeing the successful collaboration's potential impact on the APIDA community and on college/university campuses, the group collaborated on further projects, including Tsunami Relief and Hurricane Katrina Relief.

In the summer of 2005, with support from OCA, a national organization dedicated to advancing the social, political, and economic well-being of Asian Pacific Americans, the AGA hosted the first-ever leadership summit between the various national APIDA fraternities and sororities. The summit provided the first in-person opportunity for these organizations' leaders to engage in serious dialogue about the challenges and future of the APIDA fraternity/sorority community. By the end of the summit, recognizing the need for an umbrella organization for APIDA fraternities and sororities, the fraternities and sororities in attendance chose to form the foundation for what would become the National Asian Pacific Islander American Panhellenic Association.
